CONGRATULATIONS!

Erin Cummings, MD

Assistant Professor
Department of Pediatrics

“Dr. Cummings and I worked together during my Inpatient Pediatrics rotation. She went above and beyond multiple times during that week. She made sure to give feedback daily and set expectations clearly. She provided additional one-on-one feedback at the end of the week and was always transparent. Unlike any other attending I've worked with thus far, she annotated our Cerner progress notes and H&Ps with handwritten feedback that was tangible and applicable for our futures. She was kind, approachable, and a great teacher. I look forward to working with her again one day.”
