

PittMed Professionalism Accolade

CONGRATULATIONS!

Amber Fontenet
School Registrar
Office of Student Affairs

“I had e-mailed Amber to help her find a replacement for my Period 1 course and although there was initially a miscommunication, she took the time to explain the process and ease my anxieties. She even offered to meet with me to better go over their next steps. I know that the office is very busy at the moment, but it was so refreshing to receive a compassionate and detailed response about the rescheduling process in regards to a Board study elective.”
