

PittMed Professionalism Accolade

CONGRATULATIONS!

Katherine Hrebinko, MD

General Surgery Resident (PGY-3)
Department of Surgery

"Katie was the most phenomenal resident that I had all throughout my third year. She went above and beyond to teach me suturing, radiology, and surgical techniques. There were many afternoons she spent going over scans with me frame-by-frame to teach me how to recognize pathology. She went out of her way to give me meaningful opportunities to be involved with patient care. She always made me feel valued as a team member even though I was just a medical student. Her care and kindness towards her patients is something I hope to exemplify as I move throughout my career. Katie is a true gem of a human being and I felt so fortunate to be able to work with her."
