

PittMed Professionalism Accolade

CONGRATULATIONS!

Laura Jeannerette, MS
Senior Advisor for Medical Education
Office of Medical Education

"LLJ is always a supportive, knowledgeable and caring resource for students, especially during USMLE board prep. However, amidst this challenging and evolving time in medical education, LLJ has gone above and beyond to communicate information to students. She always provides compassionate and realistic advice. She embodies the meaning of "positive learning environment" and encourages all students to lift each other up. LLJ is a fierce advocate for Pitt Med students, and we are so lucky to have her guidance!"
