

PittMed Professionalism Accolade

CONGRATULATIONS!

Ruchira Jha, MD

Clinical Instructor
Department of Neurology

"Dr. Jha is an incredible teacher and remarkably compassionate provider, all while managing medically complex patients. Rounds with her were highly educational, comprehensive, and a joy to experience. I was particularly impressed with her ability to handle so many complicated patients, all while providing high-level teaching to trainees. Learning from her was a highlight of my medical school education."
