

PittMed Professionalism Accolade

CONGRATULATIONS!

Spencer Keil, MD

PGY 2

Internal Medicine

"Dr. Keil is one of the best residents I have had the pleasure of working with so far. He went above and beyond to improve my presentation, note taking, patient interviewing, and studying skills. He also made a great effort to treat the whole patient and was extremely sensitive and compassionate in talking to patients about difficult diagnoses. Truly a role model in the field of medicine!"
