CONGRATULATIONS!

Kenny Pelton

Security Guard
Scaife Hall

“Kenny consistently creates a positive learning environment at UPSOM. I look forward to seeing his smiling face every day and being greeted with a heartfelt “good morning!” Kenny always goes above and beyond to help anyone that walks through our doors. Prior to the renovation of Scaife, the handicap feature on the front doors often would not work. I spent months coming to school in a wheelchair and Kenny took it upon himself to watch for my dad’s car to drop me off. He would always get up and come prop the doors open so that I could get in the building. He also welcomed me with an unrestrained smile day after day. When I was at my lowest point, Kenny went out of his way to cheer me up. He is an immense asset to the School of Medicine and transforms the atmosphere with his presence.”
