

PittMed Professionalism Accolade

CONGRATULATIONS!

Jane Kwon, Ben Zuchelkowski, Carly Terry-O'Connor, Tejasvi Gowda, and Sarah Minney

"Sarah, Ben, Carly, Tejasvi, and Jane have all stepped up in organizing the medical student community to respond to this pandemic through connecting us to various services in need (drug pick-up/delivery, food pick-up/delivery, clinical aid, public education resources, etc.). They have been updating us multiple times a day on where we can do the most good for the community during this crisis. It's incredible what they've achieved in such a short amount of time!"
