

PittMed Professionalism Accolade

CONGRATULATIONS!

Kathy Molter
Clerkship Coordinator

"Students and residents both know that when we have an administrative question we can contact Kathy and are greeted with straightforward answers and kindness. She has assisted so many of us coming back into the clinical space post-covid with a quick turn-around on emails and made our zoom sessions a breeze. I don't think the psychiatry rotation would be the same without her. She has been a huge help to us all. When we have a question, we say "Kathy will know, and if she doesn't know, she will know who knows." Thank you Kathy for your hard work and making us 3rd years settle in to clinical life at WPIC!"
