

# PittMed Professionalism Accolade

## CONGRATULATIONS!

**Keerthi Samanthapudi**  
Medical Student, MS1

**“Medical student Keerthi Samanthapudi was instrumental in the development and delivery of the "Virtual Ophthalmoscopy" sessions for PittMed MS1s that took place on January 12, 13, 14. She and her peers spent hours in planning sessions, collecting photos, practicing teaching and ultimately delivering this novel content to the junior medical students. I was impressed by the students' creativity, organization and their obvious joy in learning and teaching the subject matter.**

**In addition, at the request of the admissions department, she & the team staged an encore performance for the PittMed Second Look Day on the evening of April 23.**

**These sessions would not have been possible without her. I am grateful for the opportunity to work with her and wanted to express my admiration for her professionalism.”**
