

# PittMed Professionalism Accolade

## CONGRATULATIONS!

**Joshua Shulman, MD**

Assistant Professor  
Emergency Medicine

**"For the whole medical interviewing course, Dr. Shulman was encouraging and understanding. He made sure to give us positive, but useful, feedback. When I specifically had some difficulty with one of the cases affecting me emotionally, he took the time to check up on me afterwards and extend his support if needed. Overall, Dr. Shulman is a great asset to the medical school community."**
